### Action Request Summary

On June 14, 2018, the Board of County Commissioners held a public hearing to take testimony about the local impacts of cryptocurrency mining operations and to consider the possibility of interim zoning to temporarily restrict new and expanded cryptocurrency mining operations in the unincorporated portions of the county.

Based on testimony received and information gathered since June 14, staff recommends that the Board of County Commissioners close the public hearing and direct staff to investigate the feasibility of addressing impacts such as noise, e-waste, and energy consumption from commercial and industrial development through zoning and/or other tools.
